Capstone Community Action	DR-IG-2012-CVCAC-00065	01/01/2014	$1,545,000	$0	CDBG-DR #2 for Central Vermont	Central Vermont Community Action Council, Inc. (CVCAC) in partnership with Central Vermont Economic Development Corporation (CVEDC) and Green Mountain Economic Development Corporation (GMEDC) is applying for $1.5 million in CDBG-DR2 funding to provide business assistance and grant funding to meet businesses' unmet needs related to the 2011 disaster events and one event in 2012. The primary focus (80%) of the project will be businesses located in Washington and Windsor counties with the remainder located in other hard-hit areas of other Vermont counties.
Downstreet Housing and Community Development	DR-IG-2012-CVCLT-00011	01/31/2013	$1,000,000	$5,744,225	Ladd Hall Housing Project	Loan to Ladd Hall Limited Partnership, formed by Housing Vermont and Central Vermont Community Land Trust, to rehabilitate and construct an addition to the historic Ladd Hall office building transforming it into 27 housing units- 25 affordable units and 2 market rate units. The property will have fourteen 1-bedroom units, eleven 2-bedroom units, and two 3-bedroom units.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Hunger Mountain Childrens Center	DR-IG-2012-HMCC-00023	04/05/2013	$1,325,000	$387,917	HMCC Relocation and Renovation	Grant to Hunger Mountain Children's Center to assist in acquisition and renovation of their former leased space in the building at 123 South Main as well as the adjacent property at 121 South Main and the garage to resume operations serving up to 60 children per day (an increase of 15 children) as a state-licensed child care and preschool. A major new construction element is a connector linking the two buildings, and renovations do include flood mitigation measures.
Town of Johnson	DR-IG-2012-Johnson-00009	11/8/2012	$503,185	$802,670	Equipment for Grocery Store in Johnson	Loan to Johnson Market, LLC to assist in starting up a grocery store with the VCDP funds primarily dedicated to purchasing equipment and fixtures. The store is located at 131 Lower Main West in downtown Johnson in the former Grand Union supermarket, which closed in May of 2011 due to flooding.
Town of Northfield	DR-IG-2012-Northfield-00073	09/21/2015	$295,500	$71,070	Water Street River Park	Grant to Town to restore natural floodplain function to the Water Street neighborhood properties purchased with Vermont Emergency Management Hazard Mitigation funds. A community park with recreation amenities for the neighborhood will be constructed to reduce the flood risk to the adjacent neighborhood.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Town of Readsboro	DR-IG-2012-Readsboro-00042	09/12/2014	$348,720	$34,872	Riverbank Stabilization	Streambank stabilization along the west branch of the Deerfield River, resulting in the protection of a residential neighborhood predominantly serving an LMI population.
Town of Rochester	DR-IG-2012-Rochester-00050	05/09/2014	$187,766	$16,443	Bean's Bridge Road Rehab	The Bean's Bridge Road lowering and rebuilding to allow floodwaters to pass as well as the armoring of the river bank north of the road.
Town of Roxbury	DR-IG-2012-Roxbury-00072	04/09/2015	$202,741	$21,454	Cram and Thurston Culvert Upgrades	Grant to Town to replace the Cram Hill Road and Thurston Hill Road culverts, which were severely damaged during Tropical Storm Irene. Both culverts have a history of washing out causing major road damage and the project will increase the size of both culverts to reduce the flood damage.
Town of Royalton	DR-IG-2012-Royalton-00057	09/12/2014	$776,709	$78,238	Gilman Road Project	The Gilman Road Project involves constructing a 1,000 foot segment of the road located immediately south of the existing road. The existing road segment will be abandoned. As part of this project a low height rip rap is to be to be placed at the base of the embankment of the White River for protection against further erosion.
Town of Springfield	DR-IG-2012-Springfield-00051	07/10/2014	$388,000	$79,100	Meadow Drive Stormwater Improvements	Grant to the town of Springfield to construct a stormwater collection system on Meadow Drive to collect the stormwater in the street and prevent the flow from entering private properties to the west.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Town of Stockbridge	DR-IG-2012-Stockbridge-00074	09/21/2015	$326,900	$32,691	Taggart Hill Road South Relocation	A grant to the town of Stockbridge to complete the road relocation in order to widen the Taggart Brook stream bed, resulting in larger hydraulic capacity for the stream and a more flood resistant stream bed.
Town of Waitsfield	DR-IG-2012-Waitsfield-00024	05/10/2013	$873,200	$688,294	Waitsfield Town Office Relocation	Grant to Waitsfield to relocate its town offices by constructing a new 5,142 square foot fully handicapped accessible and energy efficient building located at 4144 Main Street (property referred to as the Farm Stand) due to the current town offices being flooded twice previously.
Town of Waitsfield	DR-IG-2012-Waitsfield-00069	04/09/2015	$179,976	$19,997	Waitsfield Pocket Park	Grant to Town to fund final design and construction of a public pocket park within the Bridge Street business district along the Mad River, adjacent to the Waitsfield Covered Bridge, in historic Waitsfield Village. The Park will be an attractive riverfront gathering space for pedestrians that enables safe enjoyment of the unique covered bridge and river vista within easy walking distance from the downtown core.
Town of Warren	DR-IG-2012-Warren-00035	04/10/2014	$186,792	$20,637	Plunkton Road Culvert	Grant to assist in replacing the hydraulically inadequate Plunkton Road culvert to prevent future flooding events from cutting off residents on both sides of the culvert.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Town of Warren	DR-IG-2012-Warren-00066	12/11/2014	$275,000	$30,938	Warren Village Main Street Improvement	Grant to implement the Warren Village Main Street Improvement Project to design and construct pedestrian improvements and landscape and gateway enhancements to improve safety, accessibility and comfort to walkers, bicyclists, and other multi-modal users in the Village.
Village of Waterbury	DR-IG-2012-Waterbury Village-00020	12/12/2012	$115,000	$38,339	Flood Proof Main W-Water Pump Station	The Village of Waterbury is requesting $115,000 in VCDP funds to replace worn gaskets and loose closing mechanisms on the three (3) flood doors; seal abandoned piping penetrations through exterior walls that leaked during Irene; and replace two existing sewage pumps that are not designed to be submerged in water; which Irene filled the motors, pump bearings, and seals with water.
Town of Waterbury	DR-IG-2012-Waterbury-00019	05/10/2013	$1,000,000	$4,078,872	Waterbury Municipal Civic Complex	Grant to Waterbury to redevelop the historic Dr. Janes House and property into a new Municipal Complex for the municipal offices of the Town and Village, public library and historical society due to the loss of their former location from Tropical Storm Irene.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Town of West Windsor	DR-IG-2012-West Windsor-00034	03/12/2014	$891,547	$1,208,453	Brownsville Sewer Construction	Grant to the town of West Windsor to construct a municipal sewer system in the Village of Brownsville, which will connect 33 equivalant units (5 residential users, 4 commercial users and 14 municipal/institutional users) and result in the elimination of private on-site septic systems located in the Mill Brook floodplain that were damaged by Tropical Storm Irene
Town of Whitingham	DR-IG-2012-Whitingham-00045	07/10/2014	$12,207	$3,300	Whitingham Bridge #47 Deck Replacement	Grant to the town of Whitingham to complete the removal and replacement of the bridge deck and guardrails on Bridge #47 which spans the East Branch of the North River in the Village of Jacksonville.
Town of Wilmington	DR-IG-2012-Wilmington-00029	09/12/2013	$157,542	$15,754	Wilmington Records Digitization	The project will result in the digitization of approximately 200,000 pages of essential historical Town records. The final work product will be a searchable digital documentation library that will consist of all essential Town Clerk records
Town of Wilmington	DR-IG-2012-Wilmington-00071	02/12/2015	$300,000	$42,600	Wilmington Streetscape Improvement	Construct a new accessible sidewalk approximately 520 feet in length that will be located between 27 West Main St. to 37 West Main St. in downtown Wilmington which was severly flooded by Tropical Storm Irene.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Town of Windsor	DR-IG-2012-Windsor-00052	09/12/2014	$995,000	$1,280,000	Windsor Dam Safety Repairs	Grant to complete structural repairs to the historic Windsor Upper Mill Pond Dam, which sustained damaged during Tropical Storm Irene. The storm caused additional erosion, cracking and weakened the structural integrity of the laid stone from the buttress shell.
Village of Woodstock	DR-IG-2012-Woodstock Village-00059	09/12/2014	$175,000	$20,111	Woodstock Village Snow Dump	The project will construct a new snow dump on a 2.1 acre site. The design will mimic a typical retention stormwater treatment system, with a retention pond to allow meltwater to infiltrate the underlying soil before entering the groundwater aquifer.
Town of Cambridge	DR-IG-2014-Cambridge-00011	11/5/2015	$329,192	$1,003,783	Cambridge Flood Resiliency Project	Grant to assist the Town as well as the Village of Jeffersonville to implement two important flood mitigation measures- replacing the Cambridge Greenway/Railroad Bridge with an adequately sized bridge and also enlarging two culverts under Route 15. These measures should prevent flooding of the senior and affordable housing at Mann's Meadow as well as along much of Depot Street, Main Street, and Church Street.
Town of Hancock	DR-IG-2014-Hancock-00009	02/11/2016	$358,250	$40,700	Churchville Culvert Replacement	Grant to assist in replacing an existing multi-plate culvert pipe with a larger bridge structure capable of passing a 100-year storm event at the lowest Howe Brook crossing of Churchville Road.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
City of Montpelier	DR-IG-2014-Montpelier City-00013	02/11/2016	$850,000	$433,779	1 Taylor St. River Wall Reconstruction	Grant to City to stabilize and rebuild the One Taylor Street Block Retaining Wall that protects the site at 1 Taylor Street from further encroachment of the Winooski River while maintaining its historic character. The project will also remove and dispose of contaminated soils in accordance with the Corrective Action Plan.
Westgate Housing, Inc.	DR-IG-2014-Westgate Housing-00003	02/12/2015	$141,550	$41,732	Westgate Housing	The project will prevent water intrusion in thirty units of affordable housing by sealing foundation walls, basement slabs as well as install sump pumps in selected basements of the West Gate Housing complex.
Waitsfield Meeting House	DR-IG-2014-WUCC-00012	02/11/2016	$264,182	$558,916	Flood Mitigation of Village Meeting House	Grant to assist the Waitsfield Village Meeting House owned by the United Church of Christ to flood proof the building and construct life safety and ADA/accessibility improvements. The project will include stabilizing and flood proofing of the basement and moving all mechanical and electrical system components out of the basement and to locations more than 2 feet above the 100 year flood
		Totals	$18,464,174	$19,998,499		

Disaster Recovery Competitive Planning Grants

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Brattleboro Housing Authority	DR-PG-2012-BHA-00012	11/8/2012	$100,000	$68,000	BHA Irene Housing Re-development	Grant to Brattelboro Housing Authority to conduct a comprehensive analysis of all structural, environmental and regulatory issues which will impact the potential re-use of the Melrose Place property; comple a comprehensive feasibility and re-construction plan for Moore Court.
Central Vermont Regional Planning Commission	DR-PG-2012-CVRPC-00016	06/13/2013	$61,759	$25,500	Transportation Flood Resiliency Study	Grant to conduct a flood study of the Mad River and Winooski River to obtain detailed elevation data and also identify key vulnerable transportation infrastructure and treatment options for the vulnerable sites. The study will lead to an understanding and actions to mitigate future risks to public safety and infrastructure.
Central Vermont Regional Planning Commission	DR-PG-2012-CVRPC-00018	06/13/2013	$62,250	$6,250	Flood Study of the Mad and Winooski	Grant to conduct a flood study of the Mad River and Winooski River to analyze elevation data for hydrologic analysis and develop flood inundation data and also identify vulnerable infrastructure with corresponding treatment options.

Disaster Recovery Grants awarded through June 2016

Organization	Application/Grant Number	Award Date	Award Amount	Other Resources Total	Project Title	Project Description
Town of Ludlow	DR-PG-2012-Ludlow-00033	04/09/2015	$26,100	$2,900	Ludlow Economic Resilency Plan	Grant to Town for preliminary planning measures to improve economic viability and resiliency for two projects. First project is preliminary engineering and design to expand the infrastructure at the existing Industrial Park in order to allow access to a currently undeveloped 20 acre section of the park. Second project is planning effort to seek and to identify opportunities to improve the economic climate and ensure the long-term resiliency of Ludlow Village, with a focus on the Ludlow Village Center.
Town of Northfield	DR-PG-2012-Northfield-00019	02/12/2014	$15,000	$1,503	EMS Flood Relocation	Grant to hire an architectural firm to 1) develop the plans necessary to build a new Emergency Medical Service (EMS) facility out of the flood plain either as an addition or stand alone facility adjacent to the current fire station and 2) provide plans to create office space and meeting rooms in the fire station.
Town of Plainfield	DR-PG-2012-Plainfield-00025	05/08/2014	$29,700	$3,300	Plainfield Village Bridge Analysis	Grant to conduct hydrology and hydraulics studies and develop ways to prevent future flooding at the Mill Street bridge and the Brook Road bridge in the lower village of the Town.
South Royalton School - OWSU	DR-PG-2014-South Royalton School - OWSU-00007	2/11/2016	$55,980	$6,290	Planning for Flood Resiliency	Grant to the South Royalton School - OWSU to hire consultants that will conduct the planning required to develop flood mitigation and flood proofing at the South Royalton K-12 School.

Disaster Recovery Grants awarded through June 2016
