

## Architectural History/History/Architecture

**NOTE:** This list is provided upon request by the Division for Historic Preservation (VDHP) as a service to agencies, organizations, municipalities and individuals desiring to find consultants who have attended trainings. The trainings outline the requirements of VDHP as the Vermont State Historic Preservation Office.

In addition to attending the trainings, the listed consultants meet the Secretary of the Interior's Professional Qualifications Standards as outlined in 36 CFR Part 61. The qualifications define the minimum education and experience required to perform identification, evaluation, registration, and treatment (project review) activities.

VDHP assumes no responsibility for the accuracy of the information provided for this list. Placement on the list does not imply certification of personal or corporate qualifications, recommendations or endorsement of any kind. There are other qualified consultants who have not participated in the trainings and thus do not appear on this list. Work by individuals or firms appearing on this list do not receive any special consideration by VDHP.

Consultants on this list are qualified to conduct Environmental and Project Reviews for federal undertakings (Section 106) and state undertaking (22 VSA 14, Act 250 and Public Service Board); prepare Determinations of Eligibility; prepare State and National Register Nominations; and prepare federal and state Rehabilitation Investment Tax Credit Applications.
